Subject: Clarifications for the use of email

Hello Marcia,

The letter that you received dated March 23, 2010, stated the following:

Therefore, I am directing you to stop using college email for any political purposes or for any union communication. Any further use of email system for these purposes may result in disciplinary action.

To clarify, you and other college faculty may not use any Clark College email to promote political activities or political purposes. In addition, you may not use regular Clark College email to discuss union business. However, you may discuss union business using the AHE distribution list "AHE Faculty." Keep in mind that use of college resources must comply with Revised Code of Washington (RCW).

Of course, you and all college faculty may use the Clark College email distribution for any Clark College related business.

I hope this information addresses your concerns. If you have any questions or comments, I encourage you to contact me.

Thank you
